

MARTECMA Conference - Posidonia 2026

Onboard Carbon Capture Systems: From Concept to Commercial Reality.

The MARTECMA hosts a focused conference on OCCS during Posidonia 2026.

June 4, 2026 / Conference Hall - Metropolitan Expo

As decarbonization accelerates, join key stakeholders for the latest insights and real-world perspectives on OCCS.

Agenda Highlights:

- Regulatory, business & technology update
- OCCS providers: makers, shipyards, logistics
- Members' insights & experience sharing

Connect with industry leaders. Exchange practical knowledge.
Help shape the future of sustainable shipping.
